

SAVS WE FOUGHT TO SAVE UNITED STATES

NEW AMBASSADOR MAKES STATEMENT IN FIRST ADDRESS

**Tells the English That Object Was Not to
Save England, France and Italy—Refers
to President Harding as a Typical Modern
American—Not An International Meddler**

(By The Associated Press)

LONDON, May 19.—Ambassador George Harvey, in his first speech since presenting his credentials, declared tonight that American armed forces came to Europe in the world war solely to save the United States and not to save European states opposed to Germany, as some had contended.

Mr. Harvey's address, delivered at a dinner given by the Pilgrims society in his honor, attracted especial interest, coming as it did, when the probable attitude of the United States toward the tense political situation in Europe is arousing lively speculation, and as the first authorized expression of the American viewpoint.

Mr. Harvey paid tribute to the Pilgrims as the most distinctive link in the chain of blood relationship between the British and American peoples.

Their activities, he said, had been a sustenance labor of love and patriotism, which only now were beginning to fruitify in an earnest desire and determination on the part of both peoples to blow away the mists of misconception and misunderstanding.

Typical Modern American.
President Harding was portrayed by the ambassador as a "typical modern American, proud of his own country, but jealous of no other man's, resolute in maintaining his own nation's rights, but not less scrupulous in recognizing the rights of others, a fair, just, modest, modern, humble, but unafraid."

His outstanding attributes, Mr. Harvey said, are breadth of vision, greatness of heart, fidelity to his race no less than to his clan and no more to his family than to his ancestry, drawn from all parts of the United Kingdom. Mr. Harvey declared these were sufficient indications and reasons why Mr. Harding felt at this crucial period that friendliness and good will should exist always between the peoples of the great English speaking nations and why he now pledges unflinching cooperation in achieving that aspiration.

"I shall feel miserably to the grievous disappointment of my chief," Mr. Harvey said, "if I do not so greatly strengthen those bonds of friendship and mutual helpfulness that hereafter our governments will not only prefer durable engagements to tentative compromises as between ourselves, but will instinctively approach all world problems from the same angle as of common inseparable concern."

"I rejoice," he proceeded, "that a king and the president see eye to eye and sense the yearnings of their peoples."

Nothing could be more futile, more delusive and more mischievous, he said, than to pretend that the American's proffer of a helping hand was attributable primarily to "a tender susceptibility."

"It is not," Mr. Harvey declared. "My country stands ready to work with yours, because, first, it is to our own interest to do so; and secondly, because it is to the advantage of called idealists even as sometimes happens, by extolling our altruism as transparently material. But we have come to realize that ideals too often resolve into illusions, and illusions we have found to be both dangerous and profitless."

"We deceive ourselves occasionally. Even now at rare intervals an ebullient sophomore seeks applause by shouting that 'we won the war.' Far more prevalent until recently was the impression that we went to war to rescue humanity from all kinds of menacing perils."

"Not a few remain convinced that we sent our young soldiers across to save this kingdom, France and Italy. That is not a fact. We sent them solely to save the United States and most reluctantly and lagardly at that. Not Too Proud To Fight."

"We were not too proud to fight. We were afraid not to fight. So we came along toward the end and helped you. That is all we did and that is all we claim to have done."

"Discussing what he called the sentiment, perilous present," Ambassador Harvey said: "For years I have heard it proclaimed that war between Great Britain and America had ceased."

HIGH OFFICIALS UNITE TO HONOR JUSTICE WHITE

**Eloquent Tribute Paid
By Lodge in the
Senate**

(By The Associated Press)
WASHINGTON, May 19.—Edward Douglas White, chief justice of the United States, lay dead at his home tonight while men highest in the nation's councils vied to do him honor.

By order of President Harding, the business of the government will come to a standstill on Saturday when the body is carried to its final resting place in Oak Hill Cemetery, Georgetown. Funeral services will be private, but where ever the American flag flies over American troops ashore or American sailors afloat, or wherever it waves above an embassy, legation or consulate, the colors will be lowered to halfmast that the world may know America mourns a great loss.

In Washington government departments will be closed all day from the white house down. Great as was his place in life death brought a realization of the even greater place Justice White held in the hearts of his countrymen.

Yesterday he stood upon the highest pinnacle of legal renown and in his person was typified the American ideal of the supreme majesty of law—the will of the majority of the people.

Extolled Personal Greatness
But today there was extolled the greatness of the man himself, his deep learning, his fearless hewing to the line of right, his wise judgments. And even more, men among whom he had walked spoke of his modesty and the simple kindliness that has made him beloved, even as he was honored for the greatness of the power entrusted to his keeping.

From the president to the humble folk, Washington paid its tribute of grief today. The senate where once he sat for his native state of Louisiana, stopped in full course when word of his death came. An eloquent tribute from Senator Lodge, one of the few whose memories of the senate go back to the jurist in that setting, marked the adjournment. The house was not in session.

President and Mrs. Harding drove to the White house where the body of the jurist lay, but remained outside and sent their sympathy by word of mouth thru the judge's niece.

Tribute by Hughes
From the state department, Secretary Hughes issued a brief tribute drawn from his own memories of the late chief justice as he knew him within the secluded circle of the court.

Members of the Louisiana delegation in congress joined in a similar expression of respect. Attorney General Daugherty also paid his homage and the wires were busy with a nationwide flood of messages of sympathy for the family and admiration for the dead. A message of sympathy was sent by former President Wilson, who was said to feel the loss deeply. The text of the message was not made public.

The funeral will be characterized by the simplicity which distinguished the late jurist. From the family residence, an unostentatious cortege will follow the body Saturday morning to St. Matthew's church where solemn requiem high mass will be celebrated.

ONE KILLED WHEN
TRAIN IS DERAILED

Knoxville, Tenn., April 19.—Engineer Hurt was killed, Fireman Burt seriously injured and a number of passengers severely hurt when a passenger train was derailed in the derailment of Louisville & Nashville Train No. 22, the Jacksonville-Cincinnati limited, near Solway this afternoon. The engine, express and baggage cars and two passenger coaches left the rails. It was the opinion of railroad officials that the wreck was caused by the buckling of rails.

TAFT HEADS COMMITTEE
FOR WHITE FUNERAL

New York, May 19.—Former President Taft was named head of a committee today to represent the American Bar association at the funeral of Chief Justice White in Washington Saturday.

Other members named were: Elihu Root, Senator Kellogg of Minnesota, George Sutherland of Salt Lake City, and Hampton L. Carson of Philadelphia.

Reproduction of New Salem Planned

PETERSBURG, Ill., May 19.—Reproduction of the vanished village of New Salem as near as possible in its old state will cost Illinois in the neighborhood of \$60,000, it was estimated here today when the biennial pilgrimage to the old home of Abraham Lincoln was made by state officials and legislators.

Many of the sites of the log cabins and stores and the location of the streets have been marked on the hill which has been a cow pasture for more than a half century. Replicas of some of the buildings have been completed. These include the home of Ann Rutledge Lincoln's sweetheart.

Governor Small today dedicated the Lincoln Museum which has just been completed on the brow of New Salem hill and in which many relics of Lincoln's days are housed. The governor also carved a roast pig which was the most conspicuous of the viands served to the six hundred guests by the New Salem Lincoln League, prime movers in the restoration of the village.

Lieutenant Governor Sterling, Representative Homer J. Rice and Speaker Dahlberg were among the speakers. With motion picture cameras in action Secretary of State Emmerson aided the governor in carving the pig.

The site of New Salem village, three miles from here has been converted into a state park. Appropriations to complete the restoration of the village is the aim of the league.

Petersburg closed its stores and shops today while the whole town turned out to entertain its guests.

WIFE OF STECHER
TELLS HER STORY
BEFORE COMMITTEE

Says Husband Left Without
Leaving Her a
Dollar

(By The Associated Press)
WASHINGTON, May 19.—Mrs. Freda Stecher, wife of Eugene Stecher who did not stop to say goodbye when he fled from Philadelphia with Grover Bergdoll, complained bitterly of her treatment while testifying today before the house committee investigating the slacker's escape.

Amid tears, the woman told how Stecher had been persuaded by Bergdoll to flee with him to Germany, how he had gone without leaving a dollar toward her support, and now, after filing divorce proceedings on the ground of desertion, she went to Mrs. Bergdoll, the prisoner's mother, for sympathy.

"Don't come to me with your troubles for I should worry," Mrs. Bergdoll replied, according to Mrs. Stecher.

Representative Johnson, Democrat, Kentucky, suggested that inasmuch as the Bergdolls had enticed her husband to aid the prisoner in reaching Germany it might be well to consult an attorney with a view to entering suit for damages.

Mrs. Stecher said she had been summoned by Stecher to go to the Bergdoll home and cook dinner for the expedition, which had stopped over on the way to the mountains in search of gold but she was there only a short while and knew nothing about the escape.

LANTZ SPECTRE DOES
NOT AFFECT WHEAT

After Brief Depression Prices Rally
and are Four and One-half
Cents Higher Than on Wednesday

(By The Associated Press)
Chicago, May 19.—Grain prices on the Chicago Board of Trade, beaten down by the passage of the Lantz "anti-pir" bill in the senate at Springfield and a similar measure, the Tincher bill, now before congress, rallied after a quick opening today and closed well above yesterday's prices.

As soon as the initial nervousness of the alarmed traders were off and bullish crop news began to trickle in over the wires the market steadied and May wheat sold up to \$1.53 1-4 or 5 1-4 cents above the opening low and 1 1-2 cents higher than yesterday.

Leading dealers re-affirmed their determination to convert the seeming defeat at Springfield into a victory by means of a campaign of education.

"The senate's action is not a defeat for the board of trade, but a disaster for the farmers," Joseph P. Griffin, president of the board, declared.

EX-SERVICE MEN
START NEW MOVEMENT

Chicago, May 19.—A movement towards a "hire a hero" week beginning May 23, was started today by the Buck Privates Society, A. E. F. The purpose of the movement is "to get all ex-service men out of the gutter, away from the bread line, into the bread wagon in order that the unemployed service men may celebrate memorial day in a fitting manner."

ST. PAUL MINISTER
ELECTED MODERATOR

Winona Lake, Ind., April 19.—The Reverend Henry C. Swerlengen of St. Paul, Minn., was elected moderator of the 133rd general conference of the Presbyterian church in the United States today. He defeated the Rev. John B. Laird of Philadelphia. The Rev. Mr. Swerlengen succeeds Rev. Samuel S. Palmer of Columbus, Ohio.

GIVES INCOME OF
AVERAGE COLLEGE MAN

Chicago, May 19.—The average college man's income ten years after he leaves college is \$5,762.51, according to income tax reports of the 1911 class at the University of Chicago. The women averaged \$2,139.81 each.

AMERICA MUST TAKE LEAD IN DISARMAMENT

**W. J. Bryan Says This
Country Must Lead
Way to Peace**

(By The Associated Press)
CHICAGO, May 19.—America was urged to take the lead in effecting reduction of armaments of all nations at a mass meeting addressed by William J. Bryan and others tonight in the final session of the two days' congress on limitation of armaments. Mr. Bryan made the closing appeal for world peace declaring his motto to be disarmament by agreement if possible, by example if necessary.

The purpose of the conference was summed up in a resolution adopted earlier and presented to tonight's assemblage, urging President Harding to call Great Britain and Japan into conference looking to reduction of naval armaments by agreement.

America, Mr. Bryan said, was the only great nation which set an example in mobilization for war, but, now, he added, "she can't get out of war."

Ridicules Law
He ridiculed the law which requires a two-thirds vote in congress to ratify a treaty but permitted declaration of war by a majority vote.

After blocking peace for two years, Mr. Bryan said, America had injected a light over little things into what he declared was "the most disgraceful campaign ever waged in this country."

Men of all parties were agreed on the big things, he declared, but allowed "little things" to prevent acceptance of a treaty containing three points constituting "the longest step taken toward peace in a thousand years."

The provisions requiring nine months' investigation and deliberation before beginning war, the recommendations for disarmament and the abolition of secret treaties were declared by Mr. Bryan to be principles desired by all and were envious in themselves to warrant acceptance of the treaty.

The former secretary of state said that despite a better understanding of war than it ever had, the world was now spending more money on armaments than before the world war.

Must Lead Way to Peace
Pleading that America take the lead in establishing a lasting world peace he declared that a spirit of revenge could not lead to peace. "The only nation to enter the war without the spirit of revenge, she was the only nation to lead the way to world peace. Friendship and not terrorism, he concluded, was the only solid foundation for universal peace."

Matthew Wool, vice president of the American Federation of Labor, extended the helping hand to the congress in their proposal for armament limitation.

He asserted labor's stand for peace but declared labor had no regret for the part it took in the world war.

"Labor went into the war believing that victory would lessen the chances of other wars," Mr. Wool said. "Unless this shall be the outcome, our struggle shall have been in vain, but we believe that the decision for war no longer lies in political power. Economic and industrial power will decide the next war. Already we find almost every nation enacting tariff laws to capture the trade of the world and sooner or later a new struggle such as we have just passed will flame forth."

"Peace will come only if the aim and purpose and aspiration of every man and woman is to put forward some great instrumentality to create peace."

PANAMA WILL PRESENT
CASE IN PERSON

Washington, May 19.—The American government's decision that Panama shall abide by the White award in her boundary dispute with Costa Rica will not be affected by action of Panama in sending emissaries here to defend that country's contention in the matter. It was made known today. Official advice said Narciso Garey, secretary of foreign relations and Julio La Fargue, would come as spokesmen for Panama. Panama will also send representatives to Argentina, Chile, Peru and Brazil to explain her position in the frontier controversy.

Springfield, Ill., May 19.—The Tamm's Timber company of Tamm's was incorporated here today to manufacture and deal in wood and forest products. Incorporators are Lee B. David, David S. Lansden and James H. Galigan. Capital \$5,000.

HENRY FORD ASKS INVESTIGATION OF NEWBERRY ELECTION

**Sends Messages to Committee on Elections
Which Meets Today—Points Out Supreme
Court Held That the Senate Was the
Proper Place for Such An Investigation**

(By The Associated Press)

WASHINGTON, May 19.—Demand for a thorough investigation of charges that Senator Newberry of Michigan was elected thru "fraudulent expenditures of vast sums" of money was made by Henry Ford, his defeated opponent in the 1918 election, in telegrams today to Chairman Dillingham and other members of the senate ecomittee on elections which will meet tomorrow to determine what action, if any, should be taken in the case.

Referring to the recent decision of the supreme court setting aside the conviction of Senator Newberry in the federal court at Grand Rapids as contrary to law, Mr. Ford pointed out that the court "declared the proper place to investigate these charges is the United States senate."

"I respectfully petition, as I have for two years past," he said, "that the evidence be taken and my contest heard in the usual and orderly manner which every citizen is supposed to be entitled to as a matter of right."

"The honor of the senate is involved. I know that honor is in your keeping and not in mine, but I am an American citizen and with the profoundest respect for your honorable body permit me to say that I personally care little or nothing for the seat for myself but I press my rights and insist upon the investigation in order to have it forever established that a seat in the United States senate may not be purchased and that seats are not for sale to the highest bidders."

NATIONAL COAL
ASSOCIATION TO
ENTER PROTEST

Allege Railroads Give
Preference to Certain
Mines

(By The Associated Press)
NEW YORK, May 19.—The National Coal association will protest to the interstate commerce commission against the alleged practice of railroads in giving preference in the assignment of transportation facilities to those mines having railroad fuel contracts.

This action was decided upon today at the opening session of the annual convention. One alleged evil of the assigned car practice, speakers said was that it enabled operators of small mines who might take advantage of a coal shortage emergency, to sell coal at high prices in the open market.

The practice, they said, was for the railroads to give a full car supply to mines which would furnish the railroads with coal. These mines, many in the hands of speculators, it was stated, were always able to have an abundance of cars while other mines, selling coal at lower prices to the market, were unable to get their full supply.

Misapprehension of Public
"Owing to misapprehension on the part of the public," says a statement issued by J. D. A. Morrow, vice president, "a condition of what is called 'no market' exists in the bituminous coal industry."

"With more than 100,000 miners idle, and more than 120,000 idle freight cars lying in the railroad yards, the consumer of coal is holding off in arranging for his next winter's coal supply at a time when the bituminous product is selling at bed rock prices and every opportunity to ship it to the market."

"Cooperation on the part of the soft coal consumer the country over is imperative if the consumer is to be assured of his supply of coal for next winter."

Col. Harvey told his English auditors that the United States went into the war to save America. This statement is not quite in accord with President Wilson's "Saving the world for democracy."

The Kansas industrial court has ruled that where women do the same work as men they shall be paid an equal wage. That has long been a contention and no one is able to prove the fairness of paying men more for the same quantity and quality of work.

Seven hundred prohibition agents have been dismissed because of failure on the part of

Congress to provide funds for the enforcement of the Volstead act. In some cities this will make no difference, as there has been only an indifferent effort to enforce the provisions of the law.

Franklin K. Lane, formerly secretary of the interior, who has just died, left no estate. His salary as a member of President Wilson's cabinet was \$12,000 a year but that sum was not sufficient to meet a cabinet member's living expense. Evidently either the salaries of cabinet members should be larger or there should be simpler rules of living for official Washington.

The farmers are in hard lines these days because of the unsatisfactory prices and the problems of agriculture grow more complex. But there have been other years of prosperity and there is some consolation for the farmers in remembering that they as a class own one-half of the 9,000,000 automobiles and trucks in this country.

"As a man thinketh in his heart so he is" seems to have application to cities as well as to individuals. But then, the community is nothing but a group of individuals and communities develop into towns and cities. Faith in one's self and the "glad to be alive" spirit are strong actors for individual success. Then why should not belief in a city and the certainty that it is the "best place to live after all" be factors in city growth.

MR. CHIPERFIELD'S CAMPAIGN

Judge Claude E. Chipperfield of Canton, Republican candidate for justice of the supreme court, will be in Jacksonville today. Judge Chipperfield will spend several hours here calling upon as many local people as possible and probably in the afternoon will visit several towns in the county.

The reports from all parts of the fourth district indicate the interest that is being taken in Judge Chipperfield's campaign. In his home county he is known as a lawyer of outstanding ability and the facts of his record are impressing people in the various counties with his qualifications for supreme court services.

While in past years Judge Chipperfield has been very busy as a practitioner, he has found time to fully meet the duties of citizenship and ranks as one of the most public spirited citizens in his home county. Judge Chipperfield regrets that the size of the district and the comparatively brief campaign period make it impossible for him to spend a great deal of time in each county.

OUR SOBER LESSON

An exchange says that Henry Ford may lack the literary polish that should accompany great wealth and industrial genius, but he can put homely truth into very attractive garments.

His enemies will say that he paid some one for the garment. Well, whatever may be the fact, he has put his name to something that ought to be read by everyone and his lesson learned very thoroughly. He says:

"Times are better, but we are not thru the woods yet. Times

will be better still if we keep the sober lessons learned in the months of depression. A generation is like a young man, he dissipates until he gets his bumps, but if he learns his lesson it will make a man of him. One hopeful sign: not only have the workers gone back in such large numbers to the job, but men who did not work during the "prosperity" have also gone back to the job. Prosperity always raises a small army of speculators who keep themselves above the necessity of toil by inducing honest working people to invest in things that never produce a return. Society's burden in carrying that crowd has largely been relieved; they are now producing what they use."

CARITAS LODGE HAD MEETING LAST NIGHT

Regular Session Held, When Two Candidates Are Initiated—Business Matters Considered.

A regular meeting of Caritas Rebekah Lodge No. 635 was held last night, when two candidates, Miss Maryvetha Winchester and Mrs. Edith Mulligan, were initiated. At the business session Mrs. Pearl R. Ebrey was elected delegate to the Rebekah assembly of District No. 20, which convenes in Franklin, May 27-28.

Among reports made was that of Mrs. Sallie Brodie of the "name quilt" committee, who reported that \$90 was cleared in this undertaking. Mrs. Brodie then presented W. E. Thomson with a large angel food cake as a token of appreciation for his assistance to the quilt committee, as Mr. Thomson wrote all the 650 names which appeared on the quilt. Mrs. Wyatt, district president, was a visitor, and spoke briefly of the convention which is to be held in Franklin next week.

At the close of the business session came a social hour and the serving of ice cream and cake.

B. Y. P. U. Contest

Lovers Give Picnic

A fine picnic supper was given last night to the winners in the Baptist church B. Y. P. U. membership and attendance contests. Groups one and two made the highest scores in the contest.

The young people met at the church and went out to the park in cars. There a dandy supper was served prepared by the members of the losing teams. The committee in charge of the picnic included Byron Stewart, Leon Stewart, Arthur Updegraff, Wayne Gard, Louise Guyette, Mae Edmonds and Carrie B. Spires.

Gave Farewell Party.

The Amona Bible class of First Baptist Sunday school had a picnic last evening in honor of Mrs. Lloyd Mansfield who plans to move away from Jacksonville soon. Baskets full of good things to eat were taken out to Nichols Park and supper served there. Mrs. A. B. Williamson is the teacher of this class.

Seniors Enjoy "Campus Party."

A delightful campus party was given Wednesday afternoon for the members of the senior class of Illinois College. It was given by Mr. and Mrs. R. H. Lacy and Miss Hilda Raetzman. During the afternoon, tea was served out on the campus. Miss Raetzman and Mr. Lacy are the faculty advisors for this year's senior class of 21 members.

Queen Esther Had Picnic

The Queen Esther Bible class of Grace church enjoyed a picnic out at Nichols park last evening. This was the annual outing and proved to be a very gay affair. Each member brought what she wanted to eat and the result was a sumptuous picnic supper. There were about thirty ladies present. Mrs. Charles Hopper is the teacher of the Queen Esther class.

Surprise Party for Mrs. Nunes and Mrs. Dame

Mrs. Mary S. Nunes and Mrs. LeRoy Dame were most happily surprised last night when about sixty friends and relatives came to Mrs. Nunes' home on North Main street to spend the evening. This pleasant surprise party was planned by Mrs. W. T. Smith and was a welcome home party for the guests of honor, who have recently returned from Los Angeles, California, where they spent the winter months.

The many guests spent a happy evening with clever games and music. Miss Irene Smith furnished some very enjoyable music on the piano.

During the evening the hostess, assisted by her daughter, Miss Irene Smith, served delicious refreshments. The guests departed at a late hour after extending hearty good wishes to Mrs. Nunes and Mrs. Dame.

Guest of Honor at Birthday Party

Mrs. Hattie McClellan gave a charming birthday party last evening for her daughter Miss Lucille. About twenty-four guests were invited to the McClellan home on South Clay avenue and the evening was spent with dancing and games. At a late hour the hostess served delicious refreshments and the guests departed after spending a very happy evening.

Missionary Society Met Thursday

The Missionary society of the Northminster church met Thursday afternoon. There was a large attendance. Besides a reading on Home Missions by Mrs. Lillian Sardina and Foreign Missions by Mrs. Emma Baptist a report of the Presbyterial convention recently held at Virginia was given by Mrs. Virginia Pires. Mrs. Josephine Goveia was devotional leader and Mrs. Julia Vieira, leader of the meeting.

Shiloh Aid Society Met With Mrs. McGee.

The Shiloh Ladies' Aid society met Thursday afternoon with Mrs. Nellie McGee at her home near the church. There were eighteen members and eight visitors present. The meeting opened with the singing of "Sunlight." This was followed with scripture reading by Mrs. Margaret Goveia and prayer by Miss Dodsworth.

The members responded to roll call with a "Tribute to Mother," Paper, "Opening a Letter," Mrs. Nellie McGee, Paper, "Memorial Day," Mrs. Edith Carpenter, Song, "Onward Christian Soldiers," Scripture and benediction. Two new members were received into the society. The members are planning a market and strawberry and ice cream social in the near future. Following the business session the hostess served delicious refreshments. The next meeting will be held with Mrs. Edgar Mills, June 16.

RED CROSS WORKERS MET FOR CONFERENCE

Thirty-Two Counties Represented at Sessions Held Here Yesterday—Many Themes Considered.

Seventy-five persons representing thirty-two counties attended the Red Cross regional conference held in Jacksonville yesterday. The session which began at 10 o'clock in the morning, continued until 3:30 o'clock in the afternoon, with R. C. Branton from the central office in Chicago presiding. Some of the most important questions discussed related to the war home service work. Instead of a lessening number of ex-service men applying for assistance, the records show that the number is increasing. These cases mainly relate to men who have claims against the government and do not know how to proceed to bring about their collection.

Then there are lost records and various matters in which the home service department can give real aid to the soldiers. Experience has proven that the Red Cross gets much quicker results for the men than if they took up their cases individually.

It was mentioned that tuberculosis is increasing among the ex-service men and the peak of the disease cannot be expected until a period of several years has passed.

The program arranged for the day was as follows:

10:00. Address of welcome—H. J. Rodgers, chairman, American Red Cross, Jacksonville, Illinois.

10:15. Introductory remarks. Mr. R. C. Branton, Assistant Manager, Central Division.

10:30. Chapter Organization. Mr. Grant Burgner, Field Representative, Central Division.

10:45. War Home Service. R. C. Branton. Discussion opened by Mr. J. B. Graff, Pittsfield, Ill. Miss Marion Capps, Alton, Ill.

11:30. Health Program—R. C. Branton.

a. Public Health Nursing. Presented by Miss Mary McKay, Field Director of Nursing Service in Illinois, Central Division. Discussion opened by Mrs. George Smith, Winchester, Ill. Mrs. C. T. Woodward, Carlinville, Ill.

b. Class instruction. Presented by Miss Mary McKay.

1. Home Hygiene and care of the sick.

2. Nutrition Service. Discussion opened by Mrs. Alan Higgins, Sullivan, Ill.

3. Food selection. Discussion opened by Mrs. C. C. Ferris, Carthage, Ill.

c. Red Cross Health Centers, presented by Miss Mary McKay.

d. Home service (Extended), presented by Miss Elizabeth Jack, Field Representative, Central Division.

12:45. Luncheon. Pilgrim Memorial Congregational church. "The National Program of the American Red Cross." R. C. Branton.

2:00. Conservation of Garments. Mrs. Frank D. Fulton, Chicago, Ill.

Junior Red Cross. Mr. Grant Burgner, discussion opened by Mr. Perrin, Jacksonville, Ill.

3:30. Membership, Publicity and Volunteer Service. R. C. Branton.

Among the chapters represented here were Virden, Collinsville, Woodford county, Canton, Jersey county, Virginia, Quincy, Monticello, Pittsfield, Springfield, Alton, Ashland, Pekin, Delevan, Hopeland, New Berlin, Waverly, Hillsboro, Peoria, Woodson and Chapin. In addition there were sixteen representatives from the local chapter.

MISSION STUDYING CONDITIONS IN LUZON

Hugaoas Want Independence As Soon as They are Sufficiently Educated to Conduct Affairs.

(By The Associated Press)
Bayombong, Nueva Vizcaya, Province P. I., May 19.—Major General Leonard Wood and W. Cameron Forbes, the special mission investigating conditions in the Philippine Islands, separated today, each pursuing a different line of travel in the study of conditions in northern Luzon. Commissioner Forbes went to Quiaogan, 21 miles north, and will continue thru the northwest section of the island.
General Wood made the journey to Cayanpa, the district of the non-Christian tribes west of Nueva Vizcaya Province. He was met by a delegation of the Iftu-

gaos tribe and a number of chiefs. The Iftuagos told General Wood that they desired control of the local government as soon as they were sufficiently educated to conduct their own affairs. Until then, they said, they were indifferent as to whether the government was in the hands of the Americans or Filipinos.

to be conceivable. Never have I known the declaration to be denied general approbation. Yet no resumption of an armed conflict is unimaginable. Any day may witness a renewal of the war of the Roses, any day the clash of the blue and the gray in the swamps of Virginia.

"But so unlikely are such happenings that the suggestion would evoke no more than a derisive smile. But it is one thing to stamp constantly upon an absurd notion and another thing, never to think of it at all.

"Now the question arises have not our countries reached a point with respect to the remotest possibility of a conflict that justifies our forgetting it as completely as the battles of Bosworth field and Appomattox have faded from our recollections?

"Such I am happy to report faithfully in the teeth of all the mischief makers and scandal mongers of both nations, has become the settled conviction of our people and I hope and doubt not of yours.

HAVE ABANDONED THE OLD ONE ROOM SCHOOL DISTRICT

Senator Hicks Praises Blair's Ability to Quote Poetry

(By The Associated Press)
Rockford, Ill., May 19.—"Country people have abandoned the one room district schools; it is time to take the schools out of their hands and put them into the hands of the state," State Senator Herbert Hicks told members of the Northern Illinois Schoolmaster's Club here tonight in defense of his bill introduced in the state legislature May 3rd, to wipe out township school districts and establish county boards of education.

With a tax variation of five cents to \$2.66 for school purposes in contiguous school districts Mr. Hicks declared it was impossible to give every child an equal chance. In Winnebago county alone he stated, by the application of his bill the county school tax would be reduced from \$1.93 to fifty cents thru wiping out thirty one districts maintaining schools for less than twelve pupils.

"It seems to me there are persons in the state department of education who hold the opinion that the public schools are their private property and that anyone outside who ventures to propose anything in that domain is trespassing on a preserve," Mr. Hicks said. "Would the senator tell us why Mr. Blair (state superintendent of public instruction) is opposed to his bill?" some one asked.

"He has no vital reasons," Mr. Hicks replied. "Mr. Blair is the very best man I know to quote poetry and like so many school men is following in the line of least resistance."

NEAR TRAGEDY TURNS OUT TO BE COMEDY

Mrs. Van Stice Takes Two Shots at Husband—Police Spend Busy Hour Looking for Victim.

A near tragedy was enacted about midnight Thursday when Mrs. Van Stice took a shot at her husband at the family home 330 Fulton street.

It turned out later, however, that the tragedy was a comedy to everybody but Capt. Elliott and patrolmen Williams and Blue. These officers after spending a busy hour were so mad that the two main actors in the near tragedy were locked up in the police station.

At the hour mentioned Capt. Elliott was on the desk at the station, Desk Sergeant Trahey was up on the square and Patrolmen Williams and Blue were patrolling the city. The telephone rang. An excited voice told Capt. Elliott that Mrs. Van Stice had shot her husband.

Captain Elliott got the location of the residence, called Dr. King and Sergeant Trahey. The latter broke all records making the station. Then Elliott started for Fulton street, leaving word for Williams and Blue to follow him when they returned.

Pretty soon Mrs. Stice was brought to the station. She was in tears and was positive that her husband was lying mortally wounded in the vicinity of the residence. Patrolman Blue had the revolver which was big enough to hunt elephants with.

Then the officers went back to look for the wounded man. They were searching high and low for him when he came walking down the Wabash railroad tracks. He was not shot but he was near it. The bullet from the gun had pierced the front of his shirt and also made its way thru the left sleeve. But the skin was not even broken. Stice, however, was more than "half shot".

When Capt. Elliott and the officers arrived at the station they were mad. In fact Elliott was as mad as the proverbial wet hen. He looked up both Mr. and Mrs. Stice and they both have an opportunity to meditate on the error of their ways.

Audobon, Ia., May 19.—Between fifty and sixty head of pure bred Hereford cattle were burned to death tonight in a fire believed to have been the work of incendiaries, which destroyed the sale pavilion and cattle barns at the fair grounds.

SHORT LINE ROADS WILL ASK COURT TO SETTLE QUESTION

Want to Know When Roads Were Released by Government

(By The Associated Press)
WASHINGTON, May 19.—The American Short Line Railroad association will ask the United States court of claims to determine at what period the short line roads were released from government war-time control, Bird M. Robinson, president, announced tonight.

The announcement, which said a test suit would be filed shortly, was made after officials had conferred with Director General of Railroads Davis. The proposal was said to have been given his approval.

It is claimed by the railroad men that the interstate commerce commission and the railroad board entertain conflicting ideas as to the status of the short lines during the war.

After re-electing Mr. Robinson as president, the association adjourned tonight.

THREE INDICTED FOR CONSPIRACY

Men Charged With Attempt to Defraud Knittel Company of \$15,000.

(By The Associated Press)
Quincy, Ill., May 19.—Max Fellschmidt and Arthur R. Surpluss, both of Chicago, and Morris Goldberg of Quincy, formerly of Chicago, were indicted by the grand jury this afternoon charged with conspiring to defraud the Knittel company of \$15,000. There are nine counts.

Fellschmidt, as a representative of a Chicago Underwriters' association, secured permission from the state fire marshal to investigate the fire of Knittel company which occurred January 10 and at which a loss of \$141,000 was fixed by adjusters. The indictment charges him with offering to send a favorable report to the insurance companies for \$15,000.

Surpluss was an auditor for a Chicago company and had gone

OVEN-DINNER

Cooking Demonstration

The economical advantage of Oven-Dinner method of preparing the daily meals, and the absolute freedom from pot-watching, will be thoroughly and conclusively shown in this demonstration by the actual cooking of foods such as Boiled Potatoes, Roast of Pork, Baked Potatoes, Stewed Onions, Stewed Apricots and Rice Pudding—foods which it is ordinarily thought require differing lengths of time and six different places on your stove if those named were to be cooked at the same time.

Taking the items of food listed here it raidly will be seen that some one must give more or less constant attention until the foods all are done.

By the method we shall demonstrate you will learn that it is possible to put all of these articles into a gas range oven, or the house, for as long as desired, with the certain knowledge that your meal is properly and safely cooking.

Used in Making Demonstration

The demonstration will be in charge of factory experts, men who have had practical experience in this manner of economical and pleasant cookery. Its every phase will be fully and carefully explained and its economy clearly shown. The foods cooked will be served to those present as an evidence of the truth of the claims made for the LORAIN, and the Clark Jewel Gas Range.

Come in at 11 o'clock and see the meal placed in the oven; come in at any hour, but by all means be present at 3 o'clock this afternoon when the meals are taken from the oven and served.

The oven-dinner demonstration will prove a big revelation to those having to do with the preparation of the meals in the home.

ATTENDED MEETING OF HEALER IN ST. LOUIS

Pastor of First Baptist Church Tells of Remarkable Results of Meetings Conducted by Healer in St. Louis.

At the prayer meeting at First Baptist church Wednesday evening the pastor, Rev. A. P. Howell, told of attending the revival meetings which have been in progress in St. Louis under the leadership of Mrs. McPherson. The meetings were held at Mullah Temple, which has a seating capacity of 3,000, but was not large enough to hold the crowds which sought admittance.

Mrs. McPherson is a faith healer and in some instances the results are said to have been remarkable. Instances were related of lame persons being made to walk and of wonderful results in the treatment of the blind and deaf. However, a little deaf girl from the School for the Deaf here was taken to the healer and later was brought home without apparent benefit from the trip.

The series of meetings has had a wonderful spiritual result, as 3,000 persons are said to have been converted during the meetings. It was stated that as many as 400 persons were gathered about the altar at one time.

Special music, Rialto to night.

FORMER RESIDENT DIES IN ST. JOSEPH

L. L. Johnson was War Veteran and Served With Co. 1 of 101st Illinois.

The St. Joseph, Mo., News-Press in a recent issue, gives a notice of the death of L. L. Johnson, a former resident of this city.

Llewelyn L. Johnson, seventy-seven years old, died at his home, 801 South Ninth street, at 10:30 o'clock last night. Mr. Johnson had been ill several weeks. He had been a resident of St. Joseph fifty-six years and had been city market master since last fall.

Mr. Johnson was connected with local dry goods establishments many years. He was the first clerk employed by the late John Townsend when Mr. Townsend opened the retail dry goods store here in the early days, which was the start of the present Townsend, Wyatt & Wall Dry Goods Company. He was a Civil War veteran, having served under General Sherman in the army of the Cumberland, in Company I, 101st Illinois volunteers. He was a member of Custer Post, G. A. R., and was a member of the First Christian church.

Mr. Johnson was born in Jacksonville, Ill. He married Miss Mary A. Sanders, daughter of Judge L. R. Sanders, of Atchison county, Missouri, Sept. 8, 1870. Besides his wife, he is survived by a daughter, Mrs. Edgar C. Baker, Rogers, Ark., who was at the bedside when he died; by a son, William S. Johnson, a banker of Del Norte, Colo., and a sister, Miss Amelia Johnson, St. Joseph. The son is now enroute to St. Joseph.

For many years Mr. Johnson had been very active in Custer Post G. A. R., and he seldom missed a meeting of the veterans. He was a modest, kindly man, who was held in affectionate esteem not only by his comrades in arms, but by all who knew him.

The arrangements for the funeral have not been completed.

HEAT REGULATOR IS DEMONSTRATED

Students at I. W. C. Members of the Woman's Club and Others See Demonstration of Lorain Oven Heat Regulator Thursday.

A demonstration of the Lorain oven heat regulator with the Clark Jewel gas range was given Thursday afternoon in the domestic science department at Illinois Woman's college. In addition to the students there were also present members of the Woman's club and the Domestic Science Round Table, more than 100 women and girls witnessing the exhibition.

At 11:30 o'clock Thursday morning two dinners were placed in the oven of the range and the doors sealed. At 3 o'clock the articles of food were removed from the range and found to be cooked to a nicety. Samples of the food were distributed among the women present and all pronounced it well cooked.

Miss Bertha Jones, head of the department, explained how the Lorain regulator aids in the task of cooking meals, as by its use the heat and time required in cooking are governed exactly.

The demonstration was given by Messrs. Buckley, Martin and Millikin of the George M. Clark Stove Co. office. Food will be placed in the oven at 11 o'clock and will be removed at the beginning of the demonstration.

MALLORY WILL CASE ON IN CIRCUIT COURT

Suit of Mrs. Blanche M. Williams Vs. Mazie Mallory, et al., Now on Trial — Docket Entries Made Thursday.

The suit of Mrs. Blanche M. Williams vs. Mazie Mallory, et al., to set aside the will of Edward Mallory, is on trial before Judge Jones in the circuit court. The proceeding attracted a great many spectators and the day was spent in the taking of evidence. Other witnesses will testify today.

Mr. Mallory was twice married and Mrs. Williams is a daughter of his first wife. She is seeking to break his will where, in practically all of the estate was left to the second wife, who is a defendant in the present case.

The jurors are J. R. Souza, Matthew Wagner, Fred Mount, Grant Ferguson, E. M. Stewart, Harvey Story, Edward Buscher, D. T. Heimlich, Louis Piepenbring, Simeon Fernandes, C. C. Whitman and O. B. Cannon. The following orders were entered yesterday:

The appealed case of J. G. Dowell vs. John P. Bland was dismissed on motion of the plaintiff.

In the assumpsit suit of Grain Supply Co., of Newellville vs. James E. Bennett & Co., leave was given the plaintiff to amend special replication.

In the assumpsit suit of Jacob Ornellas vs. Avery Co., the time for the defendant to plead was extended to May 20.

In the suit of Wilson C. Morrow vs. McCarthy Elevator Co., motion was entered by the defendant for new trial.

In the assumpsit suit of Minnie Triplett vs. Metropolitan Life Insurance Co., demurrers to the second and third pleas were sustained and leave was given the defendant to amend.

In the assumpsit suit of John A. Carlson vs. Edward T. Doyle et al., entry was made showing that the cause had been settled and the suit dismissed.

In the trespass suit of Vernon Baker v. C. B. & Q., the demurrer to the amended declaration was overruled.

In the quo warranto proceedings of the people vs. A. E. Ritscher the hearing was set for June 1.

Chancery.

In the bill brought by Noah Hudson et al. vs. John Garvin, et al., to set aside will, the demurrer to the plea as amended was overruled, leave was granted the complainant to reply to the plea as amended.

In the partition suit of Fred Tendick, et al. vs. Beatrice Tendick, master's final report of distribution was filed and approved and the cause stricken.

In the divorce suit of Eva P. Kemp vs. Alva Kemp, motion was made by the defendant to set aside the order of default.

In the bill of John M. Werries, vs. John C. Wadsworth brought to quiet title, cause was referred to the master.

In the suit of John Anderson vs. John Frank, et al., to foreclose a mortgage, all defendants in the original and cross bill who have not answered were called and a default order taken. The cause was referred to the master.

COUNTY STUDENTS ENROLL FOR H. S.

Enrollment at the Jacksonville high school is progressing very rapidly. Already 130 David Prince students have registered for next year's freshman class. This means that with the usual number of students enrolling from the country schools, there will be 175 in the freshman class next fall.

Principal Shafer is urging all 8th grade graduates of the country schools to register now for next year's work. The high school authorities expect to make out the program for next fall and arrange the number of classes that will be necessary in various subjects. In order to do this the names of all prospective students should be in this spring.

As many country students as possible are asked to register at the high school office Wednesday or Thursday of next week. The enrollment up to date at the high school is:

Freshman class 130
Sophomore class 149
Junior class 102
Senior class 90

SPRIT OF PEOPLE
MAKES CITIES GROW

COMMUNITY DINNER INTER-
ESTED LARGE NUMBER
LAST NIGHT

Edward F. Trefz, Made Inspiring
Address Urging Team Work
and Home Town Patriotism as
Essentials for Growth.

More than 200 Jacksonville
people assembled Thursday night
at Central Christian church for
the community dinner given in
connection with the preparatory
campaign of the Chamber of
Commerce drive. It
was an assemblage of men and
women interested in the welfare
of the city and glad of the opportunity to glimpse a modern
chamber of commerce from the
viewpoint of an expert.

J. H. Dial presided, and the
program included songs by Mrs.
William Barr Brown and Miss
Louise Miller, brief addresses by
John S. Hackett and J. W. Mer-
rigan, and then the address of
Edward F. Trefz of Chicago.

Mr. Trefz who was formerly
field secretary of the U. S. Cham-
ber of Commerce, was with
Herbert Hoover in food commis-
sion work overseas and has had
other important lines of activity.
Mr. Trefz is now special coun-
sellor for the American City Bu-
reau. His address was announced
in advance as inspirational and
such it was, making strong ap-
peal to mind and heart. The
thought he sought to impress of
community responsibility and the
need for team work was wonder-
fully illustrated from war time
experiences.

Representative Audience.
Mr. Dial in his opening re-
marks referred to the gathering
as representative showing the in-
terest in a Chamber of Com-
merce is not confined to any
party, sect or class.

Mrs. Brown sang three songs,
"The Red, Red Rose," "Rain,"
and "Heigho for the Morning,"
with the musicianly grace that
characterizes her every appear-
ance. An encore number was
also given. Miss Ellen McCurley
was the accompanist.

The excellent dinner was
served by the women of the
church, the service affording
proof of abundant experience.
The invocation was by Rev.

Father Formaz. Before the
formal program began there was
mass singing, the words of
various present day favorites
having been phrased to suit the
occasion. Willard Wesner was
at the piano.

On the platform were a num-
ber of men actively associated
with the present campaign, L. F.
Randall, T. A. Chapin, John W.
Merrigan, R. Y. Rowe, John S.
Hackett and Jarvis Hunt, cam-
paign director.

Mr. Hackett and Mr. Merrigan
spoke briefly, both emphasizing
the value of co-operation and
declaring that the people of this
community working together can
accomplish almost any program
upon which they determine.

The audience then found great
pleasure in a group of songs by
Miss Louise Miller, "The Old
Fashioned House," "Little Brown
Owl," and "Daddy's Sweet-
heart," together with an encore
in which Miss Miller played her
own accompaniment.

The chairman in introducing
Mr. Trefz referred especially to
the important war time work of
the speaker and his success in
other lines of public work. Mr.
Trefz said that the fundamental
thing is for a community to
think, for it is upon that thing
that progress and development
rest.

People Greater Than Resources.
"Without thought there can
not be team work. A city is
great or progressive because of
its people and not its resources.
The difference between cities is
not a matter of distances or topo-
graphy, but a difference in the
character and spirit of the people
who live in them.

"It is easy to solve questions
as to a city's growth if you take
all of the facts into consideration
and measure them. If it were a
matter of resources simply those
cities nearest great resources
would be the largest. Back in
1830 Charleston had three times
as much business as New York
City and in 1852 the business of
Boston far surpassed that of
New York. Years and years ago
Cincinnati was termed the
"Queen City" and various facts
contributed to its growth, and
for just about as many years its
population has been about sta-
tionary.

"Long ago Sandusky, Ohio,
was one of the most important
cities on the Great Lakes be-
cause of the vast shipments of

ice and fish and lumber but today
it remains a city of a population
of about 30,000. Omaha has
advantages as the terminus of
the Union Pacific railroad. St.
Joseph, Mo., had a splendid start
yet Kansas City, overcoming
many disadvantages of location,
has outdistanced it and today is
the greatest city of its size in the
U. S., because the people have
worked together.

"There is something about the
air of San Francisco which tells
you that if the hand of God were
to rock it from its foundations
today that tomorrow the men of
that city would begin the work
of rebuilding. It is the work to-
gether spirit—the continual
championing of the home city—
that can account for the marvel-
ous development of Los Angeles.

Fixing Responsibility.
"If Jacksonville does not grow
larger yours is the fault. We are
too prone to pass responsibility on
to others and have a natural in-
clination to think that it is the
other fellow who does not meet
his responsibility. You will
almost invariably find the cause
of your own troubles or mishaps
if you look in a full length
mirror.

"In this matter of working to-
gether you must first sell the
city to yourself. You must get
yourself into the frame of mind
of believing that Doubtless God
could have made a better city
but that He has not done it. You
will find that that belief is con-
tagious and that if you believe in
your city and talk about it that
others will do likewise. Develop
faith and have enthusiasm for
your city as long as you live in
it. If you do not have these quali-
ties the greatest favor you can
do your city is to find a home else-
where. If you have enthusiasm
proclaim it for there is ample
proof that there is no horn for
the city that does not toot its
horn for itself.

"I believe that you will find
most of the good things you have
here today God-given, and now it
is your duty to take up the task
of production. Years and years
ago a chamber of commerce was
looked upon as a trading organi-
zation. Then it developed into
an organization for increasing
the trade of a community. But
now in these later years there
has come the realization that it
is the proper function of a cham-
ber of commerce to make the city
in which it exists a good place in
which to live.

"It has been found that busi-
ness depends much upon the
spiritual and so has a chamber
of commerce develops team work
and the spirit of co-operation, so
it lays the foundation for growth
and eventually for more business.
The physical assets of Jack-
sonville are valueless without peo-
ple. They furnish the head, the
hand, the heart, the intellect and
the will.

The Big Problems.
"In the pre-war time the fore-
ign trade of the U. S., amounted
to less than 8 per cent of the to-
tal done. So I say we are spend-
ing too much time in talking
about foreign trade and neglect-
ing problems that are of greater
and more intimate value.

"The citizenship of the coming
years must be a trained citizen-
ship, for there are many things
that menace. Today there are
35,000 speakers constantly dis-
seminating the principles of the
I. W. W. There are 7,500 papers
printed in this country that are
not admitted to the mails be-
cause of their seditious ut-
terances.

"While overseas I asked three
great generals what it was that
made the American soldier more
effective than some others. They
all gave the same reply: "Better
ideals—a clearer understanding
of what they were fighting for,
what the contest meant." So I
came to believe that the war was
won in the school rooms of
America, where these lads were
taught the principles of liberty
and freedom.

"In the city of today the three

most important things are in-
dustry, citizenship and recreation.
The hand, the head and the heart.
The U. S. is as strong as in-
dividual states, cities and com-
munities make it. Jacksonville
cannot build for the future
until its people gain the idea of
service. You cannot have a
chamber of commerce which
flourishes or a city which de-
velops if you keep in mind the
question: "What am I to get out
of all this?" Civilization was not
built that way.

"The disciples went into a cer-
tain city to prepare for the com-
ing of the Master, but the people
of the city would not receive
Him. So that city received none
of the blessings—the happiness
which would have attended the
visit of the Master. But the
worst thing about it was the fact
that they did not realize what
they had lost. The people of that
city had no vision. As you put
into your community, so will you
take from it, and the Jack-
sonville of the future is to be just
as you will and make it."

WITH THE SICK

William Winchester is a pa-
tient at Passavant hospital follow-
ing a slight operation.

Mrs. Evelyn Brown of West-
minster street is confined to her
home by illness.

Mrs. William Mulch of Lynn-
ville was brought to Our Savior's
hospital Thursday evening in a
serious condition and but little
hope is entertained for her recov-
ery. Mrs. Mulch has recently
been at the home of relatives
near Franklin.

Mrs. George W. Brown is quite
ill at her home on Westminster
street but her condition yesterday
was reported as somewhat im-
proved.

Mrs. W. J. Brady of Duncan
Place, who has been seriously ill
with pneumonia for the past
week, is now slowly improving.

Deaths

Mulch.

Mrs. William Mulch of Lynn-
ville precinct died just before
midnight Thursday at Passavant
hospital, where she had been a
patient for 24 hours.

Mrs. Mulch is survived by her
husband and five children, the
youngest an infant seven days
old. The children are now at
the home of Mr. Mulch's father
near Franklin and the remains
were taken there last night.

WESTMINSTER GUILD MET

At the meeting of Westminster
Guild at the home of Mrs. J. W.
Walton yesterday afternoon there
was a large attendance of the
members. Mrs. Thomas W. Smith
made a very informing address
based upon community center
work. Mrs. Smith has had some
years experience in this line of
endeavor and presented the sub-
ject in a way which thoroughly
interested her auditors.

A. J. Shultzback, from the

NORMAL WILL PLAY
ILLINOIS TODAY

Fast Teacher's Team Will Be
Here This Afternoon—De-
feated Local School at Normal
3 to 1.

The fast team from Illinois
State Normal will hook up with
Illinois College on Illinois field
this afternoon.

This team is without doubt the
fastest that Illinois has tackled
this season. The teachers have a
good hurler and a hard hitting
second baseman.

In the game played recently
at Normal the pitcher yielded
five hits and struckout ten men.
Fanning gave Normal six hits
and struckout two. This shows
that the visitors have a team that
keep their eye on the ball.

However, the Illinois men
despite the fact that they were
defeated at Normal believe they
can trim their opponents this
afternoon. Fanning should be
able to stop the hitting of Boyer
the second baseman. If he can
Illinois should win.

The game will be started
promptly at 3:30 o'clock instead
of 4 o'clock as previously an-
nounced. John Hagel will handle
the indicator.

OFFICERS TO RECEIVE FINAL INSTRUCTIONS

Those in Charge of Chamber of Commerce Campaign Meet At Pacific Hotel This Evening

This evening at 8 o'clock Pacific hotel, rear room, first floor, the entire team organization, including the majors, captains and lieutenants, will meet to receive final instructions before starting out next Monday to begin the big drive for membership in the organization movement. Jarvis Price, organization director, will lay before the men at that time, definite information needed by the teams as they go out to make the attack. Judging from the interest and enthusiasm reported by the majors and captains in direct command of the teams almost a hundred per cent attendance at the meeting will be had.

Edward F. Trefz, here in connection with the organization movement of the Chamber of Commerce will address the members and visitors of the Rotary Club at the Pacific hotel today. A large attendance is expected to hear Mr. Trefz who spoke at the Civic Dinner last night at the Central Christian church.

In answer to the fourth question of the series, the executive committee desires to submit here with the following:

How will the Jacksonville Chamber of Commerce be Financed?

Manner of Financing

By membership dues of \$25 a year, pledged for three years. This is the method which has been adopted and is being followed by all of the successful Chambers of Commerce in America. It is a method that has come out of years of experience and experiments. It has not yet been abandoned or modified by any Chamber of Commerce which has tested it and no single instance of failure has been charged against it.

It is a perfectly sound financial plan, combining all the good features of previous methods and eliminating their bad ones. In former times some Chambers of Commerce experimented with graduated dues, charging the big corporations some times \$200 and letting in the small storekeeper for \$2.00.

The want of wisdom in this method is apparent. The few corporations which contributed the bulk of the Chamber's income naturally dominated its affairs. The members who contributed little to the income gave little to the chamber, either of time or interest—they just kept in the background if they did not actually keep away from the chamber. Another often tried and now discredited plan was that of uniform dues of \$5.00 or \$10.00 fixed at this low rate on the theory that more members would join. In Olean, N. Y., with dues of \$1.00 a year, the Chamber of Commerce was able to secure about one hundred members. The dues were raised to \$25 and within six months the membership had increased to more than 600 interested active men and women, and in a year they had done some things

the city had been wanting to do for ten years.

Must Have Adequate Income
If the Jacksonville Chamber of Commerce is to do things the citizens want done, it must have an adequate income. Five hundred memberships at \$25 each will provide the least amount it should have, for rent, light, heat, printing, stationery, expenses of committees, clerical and stenographic help and the salaries of its secretary and bureau managers, its only paid officials.

Every corporation and firm and every business and professional man and woman who becomes a member of the Chamber of Commerce should regard the membership dues as properly chargeable to "over head", the legitimate running expenses of the business of the office. Chamber of Commerce dues should be looked upon just as that portion of the taxes with which a city safeguards property, because without such provision property values would disappear. The citizens of progressive cities safeguard community interests by organizing and maintaining Chambers of Commerce for the same reason—to maintain and increase civic values.

In place of the now discredited policy of accepting \$200 for a membership from a big corporation, the modern Chamber of Commerce has developed the plural membership plan.

Plural Memberships
There are eligible to the membership in the Jacksonville Chamber of Commerce a considerable number of concerns and some individuals whose interests in and response to the community are so large that they should give more to the support of the Chamber of Commerce than the individual of small means. For these the plural membership is offered—Subscriptions for from two upward.

To guard against the charge that such a subscription offers the temptation to dominate, the plan provides that such a subscriber shall have one vote only. The others will be assigned outright to the young men and women in the concern or to such other individuals, as may be selected.

This brings into the Chamber of Commerce, with full membership rights and privileges, groups of younger business men who in a few years will be heads of departments, partners or even owners, gaining their interest at once in the city's problems and its future, and insuring the presence of active working members when the present industrial and commercial leaders have retired.

In short, the defense, if it needs one, of the \$25 membership dues plan is in fact that it has proved itself repeatedly to be the best plan yet devised for financing a Chamber of Commerce.

MOTHER'S DAY PROGRAM AT CONCORD CHURCH

Special Services Held at Christian Church Sunday in Honor of Mother's Day—Other Concord News Notes.

Concord, May 18.—Mother's Day was observed at the Christian church on Sunday morning. The sermon was by the pastor, Rev. E. C. Harris of Decatur and was from the book of Ruth, and was very interesting and well adapted to the occasion. Songs appropriate to the day were sung in a pleasing manner by a few members of the Sunday school. At the close of the preaching service two came forward and united with the church by relation, and then five were baptized. The total number of new members in two weeks have been eight, which is quite encouraging to the new minister and the church. Brother Harris comes well recommended and will no doubt have good success here if the membership will wake up a little and give him their hearty support. Preaching again in two weeks.

A birthday social was held at the Ladies aid hall on Saturday evening, and a very enjoyable time was had by about 50 guests. This social will be held monthly from now on.

M. O. Smith, wife and Mr. Smith's mother drove to Litterberry on Sunday morning to attend the 16th annual rally of the Christian church at that place.

Leland and Marion Henderson drove down to the Henderson farm Sunday morning and attended church here. After dinner they took their sister, Mrs. Webster and baby Dorothy, up to 460 South East street, Jacksonville to see their mother, who has been on the sick list for over two months. Mrs. Henderson is slowly regaining her strength but is not well yet.

Miss Lilly Hinman of Athensville visited Mrs. Ethelyn Plank a few days recently.

On Sunday, May 29th a number of new converts will be baptized at the Burlington reservoir by the pastors of the M. P., and M. E. churches.

The Ladies Aid of the Christian church held an all day meeting last Thursday at their hall. Mrs. Baker, 85 years old, living south of Baker school is very feeble on account of her age and other ailments.

Mr. and Mrs. George Cox of Jacksonville were Sunday visitors at the home of his sister, Mrs. Sam Brockhouse. Frank and Ike Cox of Mercedia also spent the day there.

Mr. and Mrs. Charles Baker of south of Chapin called at Sam Brockhouse's on Sunday. The Ladies Aid of the M. P. church will meet with Mrs. Ike Cox on Thursday May 26th.

WHITE HALL I. O. O. F. MEMBER IS HONORED

Honorary Veteran Jewel Awarded to W. A. Wigginton for Half Century of Continuous Membership—Fine Program Presented—Other White Hall News.

White Hall, May 17.—A gathering of the 76th district, I. O. F., was held in White Hall Monday evening, the leading feature of which was the awarding of an honorary veteran jewel to W. A. Wigginton in token of fifty years of continuous membership in Benevolent lodge of White Hall, during all of which time he has never been recorded deficient in the payment of dues, his record of membership being clear.

This was brought out in connection with the presentation of the jewel by John H. Sikes of Springfield, grand secretary for Illinois.

At 6 p. m. the members gathered at Whiteside park, and at 7 p. m. formed in line to march to the Presbyterian church, headed by the White Hall band. The program at the church continued until 9:30, being presided over by J. D. Rowe of White Hall, district deputy, and included songs by a double quartet consisting of Mr. and Mrs. Charles Marks, Mr. and Mrs. Harry Littleton, Virgil Thurman, Miss Cora Walker, Mrs. Frank Henderson and W. P. Neutzman. Mrs. J. C. Spencer made a great hit in her recital of the poem of "An Odd Fellow's Wife."

Judge Thomas Henshaw of Carrollton, spoke on "Odd Fellowship in Green County," and Rev. J. O. Kirkpatrick, pastor of the M. E. church, spoke on "Odd Fellowship in Its Relation to the Church." More general remarks were made by W. P. Strunk of Roodhouse, a pioneer Odd Fellow, who about a year ago retired from service as an engineer on the Chicago & Alton.

The concluding feature was a fine spread by the Rebekahs. Provision had been made for 250 banquets, but the number went a little beyond that mark, for which emergency the ladies had made ample preparations. The gathering taxed the capacity of the new banquet quarters of the Presbyterian church, the most elaborate in this section of the state, being a part of the new basement accommodations that are being completed at a cost of about \$18,000.

Was in C. & A. Wreck

Mrs. H. D. Brown arrived today from Battle Creek, Mich., on account of the illness of her mother, Mrs. Henley Wilkinson, and was on the C. & A. Hummer that was wrecked at Shirley Sunday night, receiving only minor injuries, but the shock to her nervous system was quite serious. She says she prefers not to talk about the dreadful experience.

Her mother is 1 year of age, and her condition today is better. Her mother is 81 years of age and is in pretty good physical condition for one of his years. He is the oldest nurseryman in this section, and is still engaged in the business.

Former Greene County Man Dies

News has just reached here of the recent death of Charles K. Short at Ainsworth, Nebraska, aged 39 years. He had been serving as postmaster there for about six years. He was a native of the Short neighborhood, nine miles southeast of White Hall, and will be most favorably remembered as a former Greene county school teacher, having taught at White Hall for a number of years previous to moving to Nebraska about twelve years ago. His wife was formerly Miss Edna Zeitz, and she and four sons survive.

Fordson

For thirty-five years Henry Ford, a farmer's boy, has been working on the problem of a successful tractor for the farm, and for the past fourteen years has devoted much time and a vast amount of money to the development of the present Fordson Tractor. Today that Tractor is in use on nearly 200,000 farms and if you have any doubt as to the satisfaction it gives to those who are using it, call in and get the booklet, just issued by the Ford Motor Company, and called "The Tractor at Work" and read the testimony which is there given by the multitude of owners of Fordson Tractors. No evidence can be more conclusive than that of the man who actually knows by personal experience and this is the line of testimony carried in this little booklet. There is no cost for this booklet. If you cannot call for it, write, drop us a postal, and we will mail it to you without charge. It is so valuable you ought to have it because it is the open door through which the farmer will pass from the hard working drudge to the comparative comfort of the manufacturer. The Fordson makes it possible for the farmer to plan and direct, while the machine will do the work. It presents the widest latitude for the farmer to exercise his brain power and plan how he can get the most from the soil, knowing that the Tractor will do the hard work, do it better, do it quicker, and therefore do it more profitably. This means not alone in the cultivation of the soil, in the harvesting of the crops, but in a hundred and one different demands that are made for labor, cutting of ensilage and the filling of the silo; cutting of wood; operation of the washing machine; in the lighting of the house with electricity; supplying the house with running water; bringing to the farmer's wife and daughters the conveniences of the city, relieving them of much of the hard, unpleasant part of housework.

The Victrola Keeps You in Touch with All Musical Events

Does some new artist whose name you have never heard suddenly capture the attention of the musical world? The Victrola gives you the opportunity to hear the artist, in most cases, before you have the chance to attend an actual performance. Does some new opera have its premiere, or is some older opera revived? You hear its choicest arias on the Victrola by the same principals who triumphed in its performance.

Whatever is new and good in musical entertainment is duplicated on the Victrola. From the old masterpieces to the latest hits of musical comedy, the Victor and Victor Records offer you the world's best.

REMEMBER to ask your grocer for Calumet Baking Powder and be sure that you get it—the Indian Head on the orange label.

Then forget about bake day failures. For you will never have any. Calumet always produces the sweetest and most palatable foods.

It never varies in quality—And now remember, you always use less than of most other brands because it possesses greater leavening strength.

Now Remember—Always Use

CALUMET BAKING POWDER

There is no waste. If a recipe calls for one egg—two cups of flour—half a cup of milk—that's all you use. You never have to rebake.

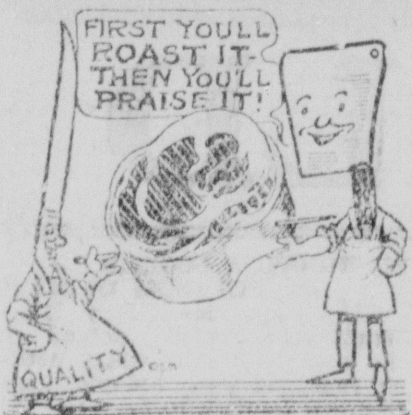

Calumet is absolutely sure. In any baking—any time, whether the can has just been opened or whether it is the last spoonful.

Contains only such ingredients as have been officially approved by U. S. Food Authorities—and is the product of the largest, most modern and sanitary Baking Powder factories in existence.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

Spokane, Wash.—Articles of agreement were signed today for a middle-weight match between Mike Gibbons, St. Paul, and Al Summers, Spokane, July 4.

London.—The American polo players who meet an English team for the International polo championship defeated the Strawberry team, 11 goals to 6.

State College, Pa.—A new record of consecutive victories is claimed for the Pennsylvania State college baseball team. The team last year ended the season with an unbroken string of eleven victories and so far this year it has won seventeen straight games, with none lost. With two exceptions the make up of the team is the same as last year.

Chicago.—Directors of the American league have voted a fund for a memorial to the late "Slick" O'Laughlin, one of the most famous of major league umpires. The site is still to be decided. The "strike" tug of O'Laughlin was famous throughout American league ball parks for years, and it was said his decisions received fewer protests from players than from any other major league umpire.

BOSTON EASILY WON FROM CINCINNATI

Boston, May 19.—Boston hit Marquard hard today and had little trouble defeating Cincinnati 5 to 1. Watson pitched well with men on bases.

Cin. . . . 000 001 000—1 6 2
Boston . . . 001 002 20x—5 11 1
Marquard, Brenton and Wingo; Watson and O'Neill.

Glidden, Iowa—Corbin, south-paw pitcher for the local high school, pitched a no-hit, no-run game against the Vail high school team, striking out 22.

Duluth, Minn.—Stanislaus Zbyzsko, heavy weight wrestling champion, has been matched for a finish bout next month for the title with John Freiburg of Chicago, the promoters announced.

COBB GETS HOME RUN; DETROIT WINS

Detroit, Mich., May 19.—Cobb's home run in the fifth inning netted two home runs and the Detroit Americans took today's game from Boston 3 to 2. Boston scored in the sixth on Pratt's triple, following a pass to Menosky. Three hits off Holling in the seventh brought the second run for the visitors: Boston . . . 000 001 100—2 6 1
Detroit . . . 100 020 00x—3 8 0
Thormalen, Russell and Ruell; Holling, Middleton and Ainsmith.

CAPPS MILL TEAM WINS FROM ELIS

Capps Mill baseball team defeated the Ellis Bridge company team Wednesday evening by a score of 5 to 0 in five innings. Henderson of the Mill team held the Ellis to one hit in the five frames. Johnson pitched a good game for the Ellis but did not have any support. The lineup of the Capps team follows: Mahony 22, McNamara 3b, DeSilva ss, Williams, Hestor lf, Fenandes, Towers c, Nunes lf, Early 1b, Correa c, Henederson p.

Three Eye Results

Terre Haute, 2; Rockford, 9.

Rockford, Ill., May 19.—Palm puzzled the Rockfords for two innings and then solved his delivery and pounded him hard over the remainder of the route. All around work of Duggen, Lewis and Brant featured.

Terre Haute 2 9 4
Rockford 9 17 0
Palm and Condon; Elliott and Rigby.

Evansville Wins.

Cedar Rapids, Iowa, May 19.—Evansville took the first of the series from the home team, principally because of a comedy of errors in the fifth inning when four misplays, two bases on balls and one single gave them four runs.

Score:
Evansville 5 4 2
Cedar Rapids 2 11 6
Tengen and Fikerle; Ziegler and Lothes.

Bloomers, 5; Rock Island, 2.

Rock Island, Ill., May 19.—Effective box work of Miller for Bloomington cost Rock Island the first of the series today 5 to 2. H. Miller, for the Islanders gave three bases on balls in the first inning that netted Bloomington as many runs.

Score:
Bloomington 5 10 3
Rock Island 2 9 1
J. Miller and Harkins; H. Miller and Connolly.

Peoria, 7; Moline, 1.

Moline, Ill., May 19.—Luke Nelson held Moline to three lone singles today while Peoria connected with several extra base hits off Beck. Four bases on balls in the seventh inning gave the Peoria their one tally of a 7 to 1 count.

Daily Market Report

STOCK EXCHANGE

BUSINESS LISTLESS

NEW YORK, May 19.—Busi-
ness on the stock exchange today
was listless, with a reactionary
trend. Even the rails, which
figured prominently in the mod-
erate improvement of the pre-
vious session were dull and in some
instances substantially lower.
The forthcoming reduction of
wages by the railroad labor
board seemed to have lost its
force as a bullish factor. Traders
evidently proceeded on the
theory that such action long had
been discounted.Oils again were the most er-
ratic. Steels, equipments,
motors, sugars and utilities con-
tinued the bulk of the other of-
ferings were at gross recessions
of 1 to 3 points. Total sales
amounted to 450,000 shares.
Altho the inquiry for money
was exceedingly light because of
the dullness in the stock market,
call loans held firm at 7 per cent,
rates for time accommodations
also ruling at recent rates. In-
ternational remittances reflected
the more hopeful feeling in
connection with the Silesian
situation.Liberty bonds were fraction-
ally lower but rails and indus-
trial were mixed.

WHITE HALL CITY COUNCIL HAD MEETING

Annual Appropriation Ordinance Passed at Recent Session of the City Council—Other Matters Considered.

White Hall, May 19.—An adjourned session of the city council was held Wednesday night, at which the annual appropriation ordinance was passed carrying \$153,000, which is approximately \$5,000 less than last year. An ordinance was passed more clearly defining the duties of the night policeman.

A number of routine matters were disposed of, one being the rejection of a bill of Mrs. R. A. Pritchett for the expense of labor hire in relieving her residence of a flood of seep water on April 30 last, the council taking the view that private drains in streets are not under the responsibility of the city since the sewer system was put in service, but the drain in question serves a draw in a neighborhood not otherwise taken care of, and its stoppage resulted in the flooding and damaging of Mrs. Pritchett's residence, with apparently no one to be held responsible until the matter can be determined in the courts in this particular case.

Tickets for "Prunella" which will be given by the Dramatic club of Illinois Woman's college, Saturday, May 21, will be on sale at Brown's Music store today from 2:30 to 5:30 p. m.

DR. GEORGE H. STACY WAS VISITOR IN CITY

Dr. George H. Stacy called on a number of Jacksonville friends yesterday as he spent a few hours in the city en route from Springfield to his home in Peoria. Dr. Stacy has been at the state capital to attend the sessions of the Illinois State Medical society. The former Jacksonville physician is now well established in Peoria and has quickly built up an extensive practice there.

Professor Budlong Puts Tanlac to Test

PROF. C. J. BUDLONG, Manchester, N. H.

"It's an actual fact, I'm in good health for the first time in thirty years and I owe my present splendor to Tanlac and nothing else," was the emphatic statement of Prof. C. J. Budlong, well-known and highly respected citizen of Manchester, N. H., residing at 42 School street.

"Practically all my life I had had rheumatism, and when I say rheumatism I mean every word of it. It was all over my body and especially bad in my feet and legs and there were times when I couldn't get from my bed to my chair without help. And from the time I was a boy I couldn't sit down and eat a good meal without being in misery afterwards and I would have terrible pains around my heart and frequent attacks of palpitation and dizziness.

"I had a stubborn case of constipation, was troubled awfully with blinding headaches and hardly knew what sleep was. My suffering had almost made a complete nervous wreck of me and I was so weak I wasn't worth a nickel as far as work was concerned. I thought my troubles had a life-long grip on me and was about as discouraged as a man ever gets.

"Well, before I had finished my first bottle of Tanlac I realized it was different from anything I ever tried. It suited my case exactly. And now for almost the first time since I can remember I can eat anything I want and digest it. I haven't an ache or pain and have gained fifteen pounds in weight. I just feel good all over and am full of life and energy these days. Everywhere I go I talk Tanlac. It hasn't an equal." (Adv.)
